Notice of Non-Compliant Amendment (37 CFR 1.121)

Continuation of 4(e) Other: The status of the claims is not accurate and clear in view of the application file record. The status identifiers of claims 1-21 submitted 1/16/07 are not accurate. Claims 1-7 are listed as 'original' but were canceled in the response filed 10/14/05. The status of claims 8, 9, 13 and 14 are listed as 'new', but were first presented in the response filed 10/14/05 and then canceled in the response filed 12/4/06. The status of claims 10-12, are listed as 'currently amended' but were canceled in the response filed 12/4/06. Claims 15-21 are listed as currently amended. Although they show markups that appear to be amendments the claims are actually identical to the marked up claims 15-21 submitted 12/4/06, which would currently make them 'previously presented.' Furthermore when these claims were previously presented, they should have been at that time (12/4/06) listed as 'new' instead of 'currently amended'.
